

## GOLF GREENS, SURROUNDS | TENNIS COURTS

ULTRAFINE is a blend of perennial ryegrasses for use in areas of fine turf that demand tolerance to close-mowing and high wear with exceptional fineness of leaf. Golf green surrounds, walk-offs and tennis courts are perfect examples of where this grass seed mix comes into its own.

*Barolympic* is the stand-out cultivar of ryegrass for summer sports use. It is ranked #1 with a score of 8.6 in Table G4 of BSPB Turfgrass Seed 2018, the highest mean score in the entire publication, and more than a full point clear of its nearest rival in G4!

*Barolympic* is also a good all-rounder for all areas of ryegrass usage. As an average of tables G4 (green) L1 (lawn) and S1 (sport), it is ranked #1 of all available cultivars. See Table 1.

In addition to its outstanding mean scores, *Barolympic* is ranked #1 for pale colour and #2 for fineness of leaf in Tables L1 and G4. This makes it exceptionally easy to blend in with other grass species, such as red fescue or annual meadowgrass.

*Eventus* is a new cultivar to the Barenbrug Sport range, with some very desirable traits. It is ranked #2 and #3 for fineness of leaf in TGS Tables S1 and L1, respectively, and shows very fast recovery and growth rates (ranked #1 in the top 30, Table L1) for a summer sports ryegrass. This enables quick germination, establishment and mid-season repair in areas of high traffic.
