

Early Cut & Graze (no clover)

A top quality hybrid ryegrass based ley, designed to give excellent forage cuts with the option to graze.

- An excellent cutting and grazing ley using the most persistent hybrid varieties for a full five years' production
- Designed to provide excellent spring growth, enabling an early first cut
- This mixture delivers maximum production by using the top yielding varieties
- The high proportion of tetraploid varieties ensures better drought resistance and higher water soluble carbohydrate content
- *Fintona* is the highest yielding perennial ryegrass ever listed in the UK with unrivalled spring grazing yields and impressive sward density for the type
- The omission of clover in the mixture allows for cost effective weed control
- Uses all Herbage Varieties Guide recommended varieties
