

Highlander

Flexible, extensive, long-term ley suited to cutting and grazing.

- Ideal for upland areas and less favoured areas with the inclusion of extra Timothy and strong creeping red fescue, which provides a strong sole to the sward
- High plant population and use of high ground cover species improves sward density and carrying capacity
- Outstanding persistency, using varieties with proven durability and winter hardiness
- *Clanrye* has excellent mid and late season growth with good quality and ground cover rating of A
- *Moyola* is the highest yielding grazing early diploid variety on the SRUC recommended list (114% of control varieties) coupled with the highest early spring growth (123%) and best quality grazing
- *Ensign* white clover blend is included for nitrogen fixation and increased protein content
- Contains only first choice SRUC varieties

In the bag

2.00kg	Moyola	Early Perennial Ryegrass (DIP)
2.00kg	Glenariff	Intermediate Perennial Ryegrass (DIP)
2.00kg	Caledon	Intermediate Perennial Ryegrass (TET)
2.75kg	Clanrye	Late Perennial Ryegrass (DIP)
2.00kg	Ballintoy	Late Perennial Ryegrass (TET)
2.00kg	Polka	Strong Creeping Red Fescue
1.25kg	Comer	Timothy
1.00kg	Ensign	White Clover Blend

Sowing rate per acre: 15kg per acre

Sowing rate per m²: 3,368 seeds per m²
