

Early Cut & Graze

A top quality hybrid ryegrass based ley, designed to give excellent forage cuts with the option to graze.

- An excellent cutting and grazing ley using the most persistent hybrid varieties for a full five years' production
- Designed to provide excellent spring growth, enabling an early first cut
- This mixture delivers maximum production by using the top yielding varieties
- The high proportion of tetraploid varieties ensures better drought resistance and higher water soluble carbohydrate content
- *Fintona* is the highest yielding perennial ryegrass ever listed in the UK with unrivalled spring grazing yields and impressive sward density for the type
- *Barblanca* white clover is included for nitrogen fixation and increased protein content
- Uses all Herbage Varieties Guide recommended varieties

In the bag

3.50kg	Novilo	Hybrid Ryegrass (TET)
3.50kg	Aston Crusader	Hybrid Ryegrass (TET)
3.50kg	Fintona	Intermediate Perennial Ryegrass (TET)
3.00kg	Moira	Intermediate Perennial Ryegrass (DIP)
0.50kg	Barblanca	White Clover

Sowing rate per acre: 14kg per acre

Sowing rate per m²: 1,356 seeds per m²
