

Hybrid Cut & Graze

A top quality hybrid ryegrass based ley, designed to give excellent forage cuts with the option to graze.

- An excellent cutting and grazing ley using the most persistent hybrid varieties for a full five years' production
- Designed to provide excellent spring growth, enabling an early first cut or early grazing
- Great for medium-term rotation and mixed livestock units
- This mixture delivers maximum production by using the top yielding varieties including *Boyne* with its excellent first silage cut of 109%
- The high proportion of tetraploid varieties ensures better drought resistance and higher water soluble carbohydrate content
- *Fintona* is the highest yielding perennial ryegrass ever listed in the UK. First cut of 105% and total cutting yield of 110%
- Close heading date pattern to ensure uniform crop quality
- Contains only first choice SRUC varieties

In the bag

7.00kg	Aston Crusader	Hybrid Ryegrass (TET)
3.50kg	Boyne	Intermediate Perennial Ryegrass (DIP)
3.00kg	Fintona	Intermediate Perennial Ryegrass (TET)
0.50kg	Barblanca	White Clover

Sowing rate per acre:	14kg per acre
Sowing rate per m²:	1,338 seeds per m ²
