### Key points

- Barolympic #1 Table G4 8.6
- Barlineus #1 Table G2 8.2

### Species Formulation

40% slender creeping red fescue  
30% perennial ryegrass  
30% Chewings red fescue

**PLATINUM FINE TURF** is a mixture of perennial ryegrass and red fescue, designed for the construction or overseeding of fine turf under moderate wear pressure.

The “driver” of the mixture is 30% *Barolympic* perennial ryegrass. *Barolympic* is the stand-out cultivar ryegrass for summer sports use. It is ranked #1 with a score of 8.6 in Table G4 of BSPB TGS 2019, the highest Mean score in the entire publication, and more than a full point clear of its nearest rival in G4! See Table 1.

In addition to its outstanding Mean score, *Barolympic* is ranked #1 for pale colour and #2 for fineness of leaf in Table G4. This makes it exceptionally easy to blend in with other grass species, such as red fescue or annual meadowgrass.
