

Extreme

Golf tees and fairways, Cricket, Tennis

Usage

Overseeding, divoting and/or construction of medium-fine turf with intense wear; tees, fairways, cricket squares and outfields

Key points

- Fineness of leaf *Eventus* #3; *Barsignum* #5; *Bargold* #6
- Wear tolerance *Barcristalla* and *Eventus*

Species Formulation

100% perennial ryegrass

EXTREME is a blend of perennial ryegrasses for use in areas of medium-fine turf that demand tolerance to close-mowing and high wear with exceptional fineness of leaf. Golf tees, fairways, high-traffic lawns, cricket squares and tennis courts are perfect examples of where this grass seed mix is at home.

All four cultivars bring advantages and different characteristics to the mix. *Eventus* is ranked #2 and #3 for Fineness of Leaf in BSPB Turfgrass Seed Tables S1 and L1, respectively, and shows very fast recovery and growth rates (ranked #1 in the top 40, Table L1) for a summer sports ryegrass. This enables quick germination, establishment and mid-season repair in areas of high traffic.

Barsignum is an outstanding summer sports ryegrass, ranked #5 in Table L1 and #4 in G4.

Barcristalla is a medium-fine ryegrass with excellent wear tolerance and superior colour. It is ranked #6 for wear tolerance (Table S1) and #1 of any grass in the top 60 for dark genetic colour.

Old favourite *Bargold* remains an excellent cultivar, still ranked in the top six for leaf fineness in Table L1.

IN THE BAG

35%	BARCRISTALLA Perennial ryegrass
25%	BARGOLD Perennial ryegrass
25%	EVENTUS Perennial ryegrass
15%	BARSIGNUM Perennial ryegrass

Sowing rate:	25-50g per m ²
Overseeding rate:	20-30g per m ²
Sowing depth:	10-15mm
Mowing height:	
Golf	Down to 5mm
Cricket	Down to 2mm
Pack size:	20kg
