Equity

The equity exists of reserves that are equal to the balance of received donations deducted with the amount spent on supported projects and other costs the foundation has incurred. This reserve is available for supporting projects and incurring costs in 2020.

Remuneration of the Board

The three Board members have performed their activities for the foundation without receiving any remuneration.

*Stichting Barenbrug Helping with Hands Foundation, Nijmegen***Budgets**

Donations/supported projects

The balance of funds at the start of the financial year was enough for the foundation to support three projects in line with the goals of the foundation in 2019. These projects were realized in the Netherlands, United States of America and in the United Kingdom. See the Helping with Hands website for more information. In November 2018 two donations of in total € 50,000 have been received to support projects in 2019 en 2020.
