

GOLF TEES, FAIRWAYS | CRICKET SQUARES & OUTFIELDS

EXTREME is a blend of perennial ryegrasses for use in areas of medium-fine turf that demand tolerance to close-mowing and high wear with exceptional fineness of leaf. Golf tees, fairways, high-traffic lawns and tennis courts are perfect examples of where this grass seed mix is at home.

All three cultivars bring advantageous and different characteristics to the mix.

Eventus is ranked #2 and #3 for fineness of leaf in BSPB Turfgrass Seed 2018 Tables S1 and L1, respectively, and shows very fast recovery and growth rates (ranked #1 in the top 30, Table L1) for a summer sports ryegrass. This enables quick germination, establishment and mid-season repair in areas of high traffic.

Barsignum is an outstanding summer sports ryegrass, ranked #4 in Tables L1, G4 and as an average of all ryegrass tables in BSPB Turfgrass Seed 2018. It is ranked #1 for Visual Merit and Slow Regrowth in Table L1.

Barcristalla is a medium-fine ryegrass with excellent wear tolerance and superior colour. It is ranked #6 for wear tolerance (Table S1) and #1 of any grass in the top 60 for dark genetic colour.

100% perennial ryegrass

40% **BARCRISTALLA**
Perennial ryegrass

35% **BARSIGNUM**
Perennial ryegrass

25% **EVENTUS**
Perennial ryegrass

Usage **Overseeding, divoting and/or construction** of medium-fine turf with intense wear; tees, fairways, cricket squares and outfields

Key points *Barsignum* #4 in L1 and G4; #1 for Visual Merit and very fine-leafed. *Eventus* #2 fineness of leaf S1 and #3 fineness of leaf L1; excellent recovery and fast growth. *Barcristalla* #7 for L1 and S1 combined; all-rounder with good colour.

Sowing rate 25-50g per m²

Oversowing rate 20-30g per m²

Sowing depth 10-15mm

Mowing height down to 5mm
